### Gibby DID Good for Gibson's WaterCare

January 19<sup>th</sup>, 2015

"The purpose of life is to contribute in some way to making things better." — [Robert F. Kennedy](#)

Gibson's WaterCare wanted to contribute in some way and decided that 2014 would be dedicated to the community and making a difference not only by improving and testing water quality, but in the lives of the community by making donations. They did this by making posts on their Facebook page and asking their customers and the community who they should make donations to. Then based on engagement, Gibson's WaterCare donated to a number of organizations throughout the year. Here are a list of a few organizations that they donated to; Arthritis Foundation, Humane Society, St. Judes, and Feed my People.

"We appreciate that the community has kept us in business since 1978 and we wanted to show our thanks" said Bill Gibson.

**The mission of Gibson's WaterCare** is to make water good for life. We also want to make life good for people and we hope that our efforts will make a positive impact on the community and beyond.
